**BIRTH PLACE and NATIONALITY OF ANCESTORS and ACCULTURATION**

*Many people in the U.S. come from other countries, or have ancestors who came from another country. Sometimes our ancestry plays an important role in our health and it would be very helpful to this survey to know about it. Examples of a person's ancestry could be Irish, Mexican, African, Ethiopian, Swedish, German, Hmong, Vietnamese, and so on.*

DMQ.065. What is your ancestry or ethnic origin? **[Enter as many as apply. HAND CARD]****DMQ065** **\$FMT\_CHAR.**

*The next questions are about your income in the **last 12 months**. In the United States income has been associated with health status, ability to get insurance, and ability to follow screening and treatment recommendations. This information, like all the information you provide, will be kept confidential. When answering these questions, please remember that by income we mean income **before taxes** and from all sources. Here is a card with typical sources of income. **[HAND SOURCES OF INCOME CARD]** The response categories are broken down by yearly income and the monthly equivalent for that range and you give the associated letter to identify your income category.*

INQ.100. Considering all the sources of income, can you tell me which letter on this card best represents your **individual** income before taxes in the **last 12 months or in the last month?** **[HAND INCOME RANGE CARD]**

INQ100 \$FMT\_INCOME.

**DEMOGRAPHICS (DMQ)**

**NOTE:** Income ranges will be preprogrammed so that if a family income falls in a range that may be close to the poverty level for that size family, the computer will generate an extra question to try to determine if household income is above or below the poverty line for that size family. The computer will insert the dollar amount \* in the following question.

**This will not be asked when done on paper.**

INQ.205. Is your income below or above \$(variable\*) per {year/month}?
